

Funding Guidelines 2019

The Sussex Area Community Foundation Inc. (SACFI), a non-governmental community foundation, was founded in 2003 to give area residents a secure program for providing an endowment to permanently enrich the quality of life in the region. In partnership with donors and grantees, it seeks to build on community assets and meet community needs through responsible stewardship of funds and effective grant making. The Foundation reflects the special responsibility of a community foundation to support a broad set of activities that, together, strengthen the fabric of the community. The Foundation's goal in grant making is to strike a balance in strengthening the community's assets and meeting the community's needs for the good of all people, in Sussex and surrounding area.
